Model **SLAD/FREE-FLO/PRO-JET** LINEAR DIFFUSERS DIFFUSER END CUTS

DIFFUSERS

PRODUCT FEATURES

- Refer to specific SLAD / Free-Flo / Pro-Jet model documentation for dimensional and cross-sectional details
- Individual linear sections are available up to 72" standard lengths
- Linear runs longer than 72" will utilize multiple sections with alignment strips to maintain a linear appearance
- Diffusers are manufactured as Center or End sections. End caps are not available on angular cuts.
- Order Length A is measured at the centerline of the diffuser
- Angle limitations may apply. Contact factory.
