 9/16" LAY-IN T-BAR
 GRID

PRODUCT FEATURES

- Installs flush to the ceiling as a single, fully gasketed module – no field assembly required
- 180° & 90° radial patterns available for design flexibility
- Unique, manually adjustable pattern controller to “fine tune” pattern based on design air flow rate, cooling differential, and application
- Removable face via 1/4 turn fasteners for cleaning
- Face is hinged and swings down 90° for easy cleaning. Safety cables prevent face from accidentally swinging down.
- Closed cell gasket prevents leakage around face
